1

Tax Consultancy - VAT & Excise

As we know, U.A.E. & G.C.C. countries decided to implement Value Added Tax and Excise Tax in order to reduce dependence on revenue from Oil. In particular, U.A.E. introduced VAT with effect from 1 January 2018 and it is responsibility of all the business organisations to make sure that they are compliant with VAT regulations. Excise Tax has been made effective from 1st October 2017.

2

Book Keeping & Accounting Services

At the heart of being compliant with VAT Law is to make sure that accounts are properly maintained. We, at Talreja & Talreja LLC, provide accurate book keeping services & give necessary guidance on VAT Laws. Also we make sure that accounts abide by IFRS (i.e. International Financial Reporting Standards).

3

Audit & Assurance

In simple terms, audit means verification of entity's books of accounts. We follow International Standards on Auditing (ISA) while conducting audit methodologies & follow International Financial Reporting Standards (IFRS) for reporting purpose. As per the request of client, we do report as per different Reporting Standards and Auditing Standards.

4

Payroll Management

Organisations which do not have adequate in house resources, we can support them with payroll processing including calculation of salaries, advance adjustments, bonuses, leave salaries & end of service benefits.
